

# Silver Scenes

Silver Scenes is a collection of over 5,000 images which is a powerful adjunct to listeners' music reminiscence experiences and builds on Silver Memories' strong clinical research foundations. Silver Scenes is included in the quarterly Access Fee at no extra charge.

## Clinical Evidence on the combined use of Reminiscence Images and Music

A recent study showed the use of music and nature images improves engagement and reduces undesirable behaviours. The images rekindled childhood memories and the use of images and music resulted in higher participant engagement scores. The researchers suggested they provided positive distractions, alleviating boredom, sensory deprivation, and disengagement that are underlying causes of disordered behaviour. (1)

## Silver Scenes Leverages Silver Memories' Clinical Benefits

Silver Scenes compliments Silver Memories' proven clinical benefits, adding to listeners' music reminiscence experiences.

Silver Scenes still images are displayed on resident's TVs for 30 seconds while they listen to the Silver Memories music. This provides ample time for residents to engage, reminisce and initiate conversations.

All Silver Scenes images are labelled so residents can easily identify the image's location. Silver Scenes is also divided into categories for orderly viewing which include:

- Silver Memories Collection
- Reminiscence Collection
- Australian Iconic Images
- Regional Collections
- Cute and Cuddly Animals Collection
- Down on the Farm Collection
- Tranquil Water Scenes Collection
- International Collections

## Care Staff Love Silver Memories

Silver Memories customers love to use Silver Memories because it is a resource which is easily accessible on any facility TV, requires minimal training and brings immediate benefits to their residents.

Silver Memories creates happier workplaces for Care Staff, reducing disruptive events and improving residents' quality of life.

*"Silver Memories is a great reminiscing tool for small groups and a fantastic talking point." Karinaal, Seymour, Vic*
